

PLATINUM lite ZONE CONTROL SYSTEM

Wall Controls for 2 and 4 Zones are also available

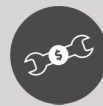

WORKS WITH EZY DAMPERS

Available in a range of sizes from 150 to 400mm, with superb blade sealing functionality.

ENERGY SAVING

Enhances energy efficiency of ducted systems - turn off rooms that are not in use.

COST EFFECTIVE INSTALLATION

Quick to install - 24V plug-connect system & single control wire from control module to wall switch - no electrical wire crimping.

SIMPLE TO OPERATE

LED illuminated buttons indicate which rooms are receiving air.

DESIGNED IN AUSTRALIA

Designed in Australia for Australian conditions - all proven components.
